Discover Health Careers Expo

Step into their shoes!

All are
welcome!

You are invited to the Discover Health Careers Expo where you can step inside and explore the world of health care! Through interactive booths you'll be able to experience what it is like to work in a hospital, community health office, personal care home, EMS station, lab or other health care setting. You will have the opportunity to ask questions and talk to health care professionals, learn about the work they do, and why it may be the right fit for you!

Wednesday May 17, 2023
