

Free English Classes for Health-Care Professions

EXPLORE LANGUAGE AND COMMUNICATION PROGRAMS TO HELP BUILD THE SKILLS TO START OR ADVANCE YOUR HEALTH-CARE CAREER IN CANADA.

Take health care-related English for Specific Purposes (ESP) programs to:

- **Improve your academic, language and communication skills** for studying or working in health-care fields in Canada.
- **Build confidence and skills for interacting** with peers, co-workers and other health professionals, as well as with patients and their families.
- **Build skills for specific language proficiency assessments** (e.g., CELBAN or MELA).

Our health care-related English for Specific Purposes (ESP) programs are designed for individuals with a variety of backgrounds, including those who:

- **Have previous health-care training** who wish to re-enter health-care professions in Canada (e.g., nurses, doctors, pharmacists, dentists and allied health professionals such as medical radiologic and laboratory technologists, health care aides, and more).
- **Are already working in health-care professions in Canada** and wish to improve their language and communication skills.
- **Do not have any previous health-care training** and are interested in pursuing a career in health-care in Canada.

Now is the time to build your future. Visit our website to explore our four health care-related English for Specific Purposes programs, and find one that meets your needs: rrc.ca/esp
